

# TIME FOR ACTION!

*Ask your Senator to support House Bill 2697 to Ensure Economic Vitality.*

- better local jobs
- a healthy economy in our communities
- new local businesses that fit with community needs

*A healthy economy means vibrant communities for living and working. Without proper planning, many local governments will fail to plan for and attract economic opportunities for their communities.*

**The Washington Competitiveness Council has called on the legislature to make planning for economic vitality an essential component in growth management.**

*HB 2697 is an investment in the future of our communities. It helps communities lay the proper framework for the planning needed to attract sustainable economies.*

*While our communities plan for housing, transportation, utilities and land use, let's not forget how important a healthy economy is to our quality of life.*

**Call your Senator at 800-562-6000 and encourage them to support HB 2697 for better jobs and better communities.**

*Preserving the environment for our children, providing housing opportunities, encouraging economic vitality, and building better communities with good schools and safe neighborhoods.*
