*Our members are making remarkable impacts in communities across the state and nation. Together, we can build on this success and drive even greater progress.*

### MORE ABOUT ME

I am a lifelong Washingtonian and proud graduate of Washington State University - GO COUGS!

I grew up in a real estate family and own the brokerage that my father started in 1968, carrying on a legacy of providing homeownership opportunities in this state through the decades.

My wife, Dani and I have five adult children and nine grands (two new littles added after this picture).

Our family includes several combat Veterans and it has strengthened my resolve to focus on housing for those of us who have volunteered their service to us all.

We share our five-acre project farm with family, chickens, an elderly spicy cat named Ginger, and the Wonder Boyz - Duke and Otto who work as therapy dogs throughout the state.

**I HOPE TO EARN YOUR VOTE FOR 2024 NAR DIRECTOR**
