Priorities

Membership

REALTOR® membership has faced real challenges in recent years. It is critical that we strengthen connections and demonstrate value for every member and their local association. We are, above all, a member-driven organization—without strong membership, we lose our purpose.

Attainable Housing

As Legislative Steering Chair in 2023, I helped lead the push for middle housing reform—hailed as “The Year of Housing” in the Washington State legislature. We made incredible progress, yet hurdles remain. Together we can advance housing policy that expands homeownership opportunities for all.
