

WASHINGTON REALTORS® AWARDS NOMINEE  
COMMUNITY SERVICE AWARD

# JOE EASTERDAY

Joe has provided over three decades of service supporting King County neighbors experiencing homelessness and housing instability. He first became involved with the Seattle King County Coalition on Homelessness as a social worker and has continued that commitment throughout his real estate career. As designated broker of Windermere Mount Baker, Joe now brings his whole office into the Coalition's annual Project Cool for Back to School, assembling backpacks filled with supplies for children and teens experiencing homelessness. His sustained engagement, leadership by example, and focus on meeting real, everyday needs make him a deserving recipient of the Community Service Award.
